SUMMARY

Junior Computer Science student at the University of Maryland building mobile and full-stack projects with React Native, Next.js, TypeScript, FastAPI, and Supabase. Projects include a worship team app and a multiplayer webcam game using WebSocket and MediaPipe, with prior leadership experience as a KATUSA squad leader in U.S. Army CID.

EDUCATION

University of Maryland

College Park, MD

B.S. in Computer Science, Minor in Mathematics | GPA: 3.7/4.0

Sep 2022 – Present

- **Courses:** Algorithms, Computer Systems, Organization of Programming Languages, Web Programming, Linear Algebra, Applied Statistics
- **Honors:** Dean's List (Spring 2023, Fall 2025, Spring 2026)

TECHNICAL SKILLS

Languages: Java, C, JavaScript, TypeScript, Python, OCaml, Rust, MATLAB

Frameworks: React, Next.js, React Native, Expo, FastAPI, Tailwind CSS

Tools/Platforms: Supabase, Git, GitHub, WebSocket, MediaPipe

PROJECTS

Timbre | *React Native, Expo, TypeScript, FastAPI, Supabase*

Jan 2026 – Present

- Built a cross-platform worship team management app for **creating and sharing weekly setlists** using React Native, Expo, TypeScript, Expo Router, and Supabase Auth.
- Implemented **team creation, invite-code joining, and membership-based dashboard loading** to organize users by worship team with Supabase Postgres relational data.
- Integrated a FastAPI PDF generation service to convert uploaded sheet-music images into **practice PDFs**, store files in Supabase Storage, and display them in-app with React Native WebView.

GhostDieDie | *React, Three.js, MediaPipe, FastAPI, WebSocket, Supabase*

Apr 2026 – Apr 2026

- Built a real-time multiplayer 3D fighting game with **room creation, arena selection, and best-of-3 combat** using React, Three.js, FastAPI, WebSocket, and Supabase.
- Implemented **browser-side pose-controlled gameplay** to translate webcam body motion into combat and movement inputs using MediaPipe Pose Landmarker, custom keypoint detectors, and browser camera APIs.
- Integrated **server-authoritative combat synchronization** to keep HP, round state, and hit validation consistent across players using FastAPI WebSocket handlers, backend range checks, and 20 Hz client position sync.
- Won **Best Razzle Dazzle Hack** at Bitcamp 2026 among 600+ participants.

Personal Portfolio | *Next.js, TypeScript, Tailwind CSS*

Jun 2026 – Jun 2026

- Built and deployed a one-page portfolio using Next.js, TypeScript, and Tailwind CSS to present projects, experience, skills, and contact information through **reusable responsive components**.
- Structured project, skill, and experience content into **typed data modules** to render dynamic cards, detail modals, and skill grids from reusable React components.
- Implemented **dark/light mode persistence**, responsive mobile navigation, Lenis smooth scrolling, and GSAP scroll reveal animations to improve site interaction.

EXPERIENCE

Battalion Maintenance Specialist & Squad Leader

Oct 2023 – Apr 2025

US Army Criminal Investigation Division (KATUSA)

Camp Humphreys, South Korea

- Led a **7-person KATUSA squad** in daily accountability, onboarding, physical training, and roll-call briefings in a bilingual U.S.-Korea military environment.
- Created a **vehicle maintenance SOP** for mission-essential CID vehicles, standardizing monthly inspections, readiness documentation, and records for assigned M17/M18 pistols and M4 rifles.
- Interpreted **Korean-English communication during joint investigations** involving U.S. Army CID, Korean National Police, and Korean Criminal Investigation Group.

HONORS & AWARDS

Army Commendation Medal (ARCOM) – Awarded for service with U.S. Army Criminal Investigation Division
